

# What is Beeper Working On?

---

Sumner Evans

27 August 2022

Beeper

## A bit about me

My name is Sumner, I'm a **software engineer at Beeper**.

- I graduated from Colorado School of Mines in 2019 with a master's in CS.
- I teach as an adjunct professor at my alma mater.
- I enjoy skiing, volleyball, and football (soccer).
- I'm a 4th degree black belt in ATA taekwondo.

I became interested in Matrix when I was the chair of the ACM chapter at Mines. I was looking for an open source chat platform for the club to use, and Matrix fit the bill!

# What I work on at Beeper

I am on the newly created *Scaling* team.

Our current objective is to prepare Beeper for rocket-ship growth.

I was previously part of the *Bridges* team.

Notable projects include:

- Writing the LinkedIn bridge
- Implementing massive stability improvements in the Signal bridge
- Implementing incremental infinite backfill in our WhatsApp and Facebook bridges

# Overview

1. A bit about Beeper
2. What it's like to work at Beeper

**This talk is interactive!**

If you have questions at any point, feel free to interrupt me.

# A bit about Beeper

---

# Beeper's mission

Our mission is to:

*make it easy for everyone on Earth to chat with each other.*

We specifically chose the word “chat” rather than “communicate” because we are focusing on *people talking to one another*.

# Beeper's mission

Our mission is to:

*make it easy for everyone on Earth to chat with each other.*

We specifically chose the word “chat” rather than “communicate” because we are focusing on *people talking to one another*.

## How we are getting there
